

By now you probably have seen the email recruiting senior parents. This however is a suggestion/request for the parents of JUNIORS:::

If you don't know about the Safe & Sane graduation party - you will next year!! Unfortunately, there are **very few Junior parents** who have gotten involved in the planning of this year's event. Consequently, I am a bit concerned about who will have the experience to coordinate the event next year when your kids will be graduating.

If you are interested in ensuring the party will be a success for your child next year, we would be happy to have you jump on board with us as we finalize the details of this year's event.

At this point, there isn't much work left to do other than chaperoning and setting up the day of the party.

If you want to lend a hand and find out what it's all about so that you can make sure the party happens next year - we would be thrilled to have you!
