

Parents of Seniors – Please HELP!!!

You probably have heard of TJ's Safe & Sane. If you haven't – ask your kid. It's an extremely popular event that most of them look forward to with great anticipation.

You may think that the ticket price of \$30 covers the price of the event for the kids. It does not! The graduation event costs about \$150 per person which leaves a \$120 shortfall per senior that attends.

Rather than charge each kid the full amount, we hold fundraisers to keep the price low so that all seniors, regardless of economic status, can participate in the event.

We REALLY need the parents of the seniors to join us in helping to raise the money for this graduation party. Although **there are close to 1000 senior parents affiliated with TJ – only about 25 of them are actively involved in helping out with the event.**

Won't you consider lending a hand? It can be something as simple as getting your friends to join you at Whiskey Creek on March 20th to chairing a committee to soliciting cash and prize donations from your employer or from vendors with whom you do business. Maybe even donating the extra \$120 to cover the cost of the ticket.

We are working to provide a safe, memorable evening for the kids . Please help with either a donation of time or money....**We NEED YOU!!!!**

Please forward this to other senior parents who want their seniors to have a safe, alcohol and drug free graduation night
