

Wanna Party????

Oh, I KNOW you do!!! This is your chance – your one and only chance to pull a graduation night Safe & Sane all-nighter with your kid!

Think how much fun you will have watching them grab money from the money machine instead of your wallet!

Watch them perfect their surfing skills on the mechanical surfboard before they head to Ocean City..

And the only way to see it is to be there yourself.

The kids will be there all night – so we need to be there, too. I know, I know – you will be tired and you're just too dang old to stay up all night. Listen, I thought my all-night party days were long over, too! But you know what? I think that the rewards of being there will be pretty cool – the chance to [create a memory](#) you and your child will share for a lifetime.

Look at it this way, you will have countless opportunities to sleep – but only this ONE chance to spend graduation together with your child.

So – will you PLEASE help by volunteering for the night of the party? We have lots of fun places to help: sports, carnival games, amusements, food, security, tickets, prizes, etc.... We need help from 10pm to 6AM...

Please help us provide a great evening for your kids...
